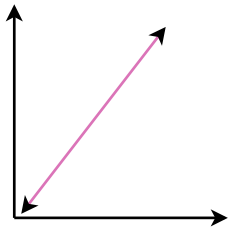

Figure 1.1: Graph shows the development of the brazilian public debt

1 Lecture: The Public Debt

Sun 13. Sep 2026

The public debt serves the function of reviving dead capital, which is stored as a fictive state debt title until the market achieves ideal investment conditions.

1 The Brazilian public debt

- Brazil

In figure 1.1 we can see how the value of this public debt has reached a magnitude of 5.5Π
